Presentation Guidelines

Preparation of the Presentation

Oral Presentations

Each oral presentation is allocated 20 minutes. To keep the conference running on time, this time limit will be enforced. We recommend that you plan to speak for about 17–18 minutes, leaving about 2–3 minutes for questions from the audience. Please rehearse your presentation before you give your presentation at CCN. Pre-recorded presentations are not allowed.

At the conference, please test your slides prior to the start of your session. You can perform this testing using facilities in the provided green room.

Poster Presentations

Rectangular boards will be provided, with the full space available for your poster. The usable area for a single presenter is 46 inches (117cm) tall and 94 inches (239cm) wide. The poster is not required to fill this entire space, but we recommend large posters to ensure visibility by your audience. Push pins or other attachment methods will be provided. Each poster will be assigned a number, called the Board Number, which will indicate where to post your poster.

Each poster will be assigned a number, called the Board Number, which will indicate where to post your poster. Note that every poster should have at least one presenter standing next to the poster during the specified time.
